1. What do these cartoons say about a report by House Democrats that Donald Trump illegally profited during his presidency from millions of dollars spent by foreign governments.
2. The report comes as House Republicans investigate business dealings by President Joe Biden's son and brother. Is the timing of the report a coincidence?
3. Republicans say Biden family members profited from his role as vice-president. Did Trump's family profit from his presidency?
4. What do you think of Trump's son-in-law getting a \$2 billion loan from Saudi Arabia after working as Trump's envoy in the Mideast?

Between the lines

"It is true that \$7.8 million is almost certainly only a fraction of Trump's harvest of unlawful foreign state moneyl." - Rep. Jamie Raskin, D-Md

"Former President Trump has legitimate businesses, but the Bidens do not." - Rep. James Comer, R-Ky.
